

Hi [insert name of person you know]

Did you know that I have been involved with The Pickwell Foundation in supporting a refugee family to come to [insert town or village name]?

It has been a [insert your own feelings here!] experience and now Pickwell are looking to welcome more families nationally but need help to form a welcome group. Is this something you might be able to help with?

Here is some more info about the scheme:

Community Sponsorship is a refugee resettlement programme with local people at its heart. It is a scheme where communities come together to welcome a family into their Town and Village and guide and support the family for a year after they have arrived.
